

Artist Residency Program 2016 Application Form

Est-Nord-Est is an artist-run centre in which the principal mandate is to give production support to artists engaged in the process of research / creation through its residency program. The residency periods in the spring, summer and fall bring together up to four artists at a time, as well as a curator or a writer of contemporary art. For eight weeks, the artists have the opportunity to create and work in a stimulating and vibrant cultural environment.

Originally based on the idea of an encounter between contemporary sculpture practices and those using traditional skills, Est-Nord-Est today welcomes artists from all disciplines who have a contemporary visual art practice. The residencies at Est-Nord-Est are intended for both established and emerging professional artists from all around the world. Est-Nord-Est is part of Res Artis - Worldwide Network of Artist Residencies, one of the host organizations for Pépinières européennes pour jeunes artistes and a member of the Regroupement des centres d'artistes autogérés du Québec.

Est-Nord-Est is located in Saint-Jean-Port-Joli, a village on the south shore of the St. Lawrence River, about 115 kms from Quebec City and 350 kms from Montreal. The region features a strong presence of farmland and forests along with the maritime atmosphere of the River.

Conditions:

The residency of 8 weeks includes the following:

- An honorarium of \$1191.00;
- Lodging in a house close to the studios, which is shared with the other artists and the curator or writer;
- Access to a private studio;
- Technical and logistical support;
- Access to wood and metal workshops as well as tools for working various materials such as stone, ceramics and so on;
- Use of a bicycle.

Residency Periods:

Spring: May 2 to June 24, 2016 / Summer: July 4 to August 26, 2016 / Fall: September 12 to November 4, 2016.
